Power Modules

Picture # 2	Comcode And Serial Numbers
 The image shows two rectangular metal power modules mounted on a red, textured surface. Each module is secured with four screws at the corners. The top module is a light grey color, and the bottom module is a slightly darker grey. Both modules have a smooth, metallic finish.	108561259 108334350 408443455 108988411 108043373 108593690 108028887 107430274 108507898 108881194 108152141 107968273 107431256 108580531 107332520 408522423 107361370 108958232 107992224 107361461 2360002000 108958844 108261611 108289448 107304792
